

IBM CLOUD SERVICES

Team ID	PNT2022TMID14185
Project Name	Smart Farmer-IOT Enabled Smart Farming Application

The image displays two screenshots of the IBM Cloud web interface. The top screenshot shows the 'Dashboard' page, which includes a search bar, navigation links (Catalog, Manage, Account), and a 'Create resource' button. The main content area features a 'For you' section with several resource cards: 'Build' (Explore IBM Cloud with this selection of easy starter tutorials and services), 'Explore IBM Cloud Shell' (Try a command-driven approach for creating, developing, and deploying a web project), 'Visit the IBM Cloud catalog' (Explore our unique product catalog that contains 190+ services and software for your business solutions), 'Build a web app with Watson Speech to Text' (Deploy a conversational interface compatible with any application, device, or channel), 'Get Started with Watson Studio' (Get started with using AI and Cloud Object Storage in 15 minutes), and 'IBM Push Notifications' (Send real-time and personalized notifications to mobile and web applications via a unified push service). Below this, there are sections for 'News', 'Recent support cases', 'Planned maintenance', and 'IBM Cloud status'. The bottom screenshot shows the 'Login to IBM Cloud' page, which includes a sign-in form with fields for 'IBMid' and 'username@example.com', a 'Continue' button, and a 'Forgot ID?' link. A cookie consent banner is visible at the bottom of the page.
